BOSTON MORNING POST.

SATURDAY, MARCH 11, 1837.

CELEBRATION AT CHARLESTOWN.

The inauguration of Martin Van Buren and Richard M. Johnson was noticed by the democracy of Charlestown in an appropriate manner. At sunrise, on the 4th, the star-spangled banner was raised on Bunker Hill, and at noon the bells were rung and a salute of one hundred and one guns was fired by a detachment from the Charlestown Artillery.

At four in the afternoon the friends of the administration assembled at the Eagle Hotel. Among them were many old and faithful democrats from several of the towns in Middlesex County, and also a number of the democratic members of the Legislature—these met with a cordial greeting from their Charlestown friends. After congratulations had been exchanged, a procession was formed under the direction of the Chief Marshal, Mr James Worcester, and proceeded to the Hall—animated by the sounds of a band of Music. Here, after prayers by Rev T. F. King, the company sat down to an elegant supper, prepared by Mr Parker.

Charles Thompson, Esq., presided at the table, assisted by Messrs Benjamin Whipple, John Gregory, William Sawyer, and Jonathan Locke. Mr Thomas A. Delano acted as Toast-master. The cloth having been removed, a deputation from the democrats of Boston, celebrating at Mount Washington House, announced the following sentiment, through their Chairman, Maj. Allen:—

The Democracy of Charlestown—The descendants of those patriots who met the enemies of their country at Bunker Hill—may they ever duly prize the honor of their town, and cherish that fondness for liberty and independence which characterised their fathers.

To which the company present responded through a delegation appointed for that purpose.

The President then offered the following sentiment:—

Liberty and Independence—That which secures to every man the fruits of his honest industry, and to every mind the right of publishing its honest convictions.

After which the Toast-master announced the regular sentiments, as follows:—

1. Our country—The Union, her bulwark; the Constitution, her glory; the Star Spangled Banner, her Emblem; and the Sovereignty of the People, her support.

2. The Event we celebrate—The triumph of the democratic principle over the availability principle. May President Van Buren carry "right onward" the glorious work of reform, so auspiciously commenced by President Jackson.

3. The Expunging Resolutions—The people's veto on whig proscription: immortalized by woful prophecy, federal lamentations, and a Daniel's protest.

4. Martin Van Buren, and Richard M. Johnson—Tried servants of the people. May their splendid triumph redound to their honor, and to the glory of the nation

5. Andrew Jackson—Venerable in years, illustrious in fame. May the evening of his days be tranquil and happy—hallowed as it is, by a nation's love, and a nation's gratitude.

6. Washington, the Father of his Country: Jefferson, the Patriarch of Democracy: and Madison, the Founder of the Constitution—By the People loved: by the People mourned: and by the People will their memories forever be cherished.

7. Hon. Thomas H. Benton—A giant in the cause of Democracy—Ever ready to expose corruption, resist usurpation, or Expunge Whiggism.

8. Edward Everett—Our accomplished Chief Magistrate, and respected townsman.

9. Hon Wm. C. Rives, the eloquent Senator and able Statesman—A patriot worthy of Virginia's glory. His star is in the ascendant.

10. Our Army and Navy—Our Country's protests against insult and injustice. Wo unto the nations that despise their warnings, or dispute their authority.

11. The memory of those who founded our government on the basis of democratic liberty, and planted in the soil of America the germinating principles of republican freedom, and national independence.

12. Reform—Jackson's process with national republicanism; a word of direful import to modern whigs. That which has done so much for the union, must work well for Massachusetts.

13. The American Fair—Splendid arguments in favor of union.

After the fourth regular sentiment was announced, the Chair offered the following:—

District No 4: "My own Middlesex." Having renounced her owners, she now claims to be heard on the floor of Congress, through her own Democratic Representative.

To this sentiment, Hon. William Parmenter, the Representative from Middlesex district, responded in a happy and highly appropriate manner. He alluded to the importance of the County of Middlesex—her uniform support of democratic measures—her temporary alienation from the true faith, and her welcome return to the ranks of Democracy. He did not, he observed, like the term "My own Middlesex"—it was a whig phrase, and it indicated that the people were governed, when in fact they were their own masters.—We do not pretend to do any thing like justice to Mr Parmenter's remarks, which were responded to in an enthusiastic manner by those present. Mr Parmenter concluded by alluding to the successful efforts of Charlestown in the Free Bridge cause, and by offering the following sentiment:—

Free Avenues—The successful efforts of Charlestown in support of the rights of the whole public, will long be remembered with gratitude by succeeding generations.

The sixth regular sentiment having been announced, the President offered the following:—

Robert Rantoul, Jr.—The able and distinguished Representative from Gloucester: whom the whigs have learned to respect, and the Democrats to appreciate.

Mr Rantoul then addressed the company in his usual felicitous and appropriate manner.

We refrain from giving a sketch of his able and eloquent speech, in the hope that it may hereafter be published. Mr Rantoul was repeatedly cheered in the course of his remarks, and he concluded by giving the following sentiment:

Popular Education—The sheet anchor of liberty.

During the evening, a delegation from the democrats celebrating at the Lafayette House, Boston, presented the following:—

Our brethren now celebrating in Charlestown—Their joy is our joy; our triumph is their triumph; though waters divide us, their Free Bridge unites us.

To which the following reply would have been forwarded could it have reached our friends in season:

The Democracy of Boston—A Spartan band maintaining their ground in the very hot-bed of Federalism, with an unflinching zeal and a commendable perseverance.

The volunteer toasts were numerous. We publish such as have been handed to us by the Toast-master, and regret that we have not all. The following are those we have received:

By Col. Turner, of Scituate. Andrew Jackson—Having this day retired from the Presidency, the people say "well done thou good and faithful servant."

By Saml. C. Allen, Jr., of Northfield. Richard M. Johnson, Vice President of the United States—The brave soldier, the experienced statesman, and the noblest work of God—an honest man.

By Col. Dunbar, of Boston. The day—Which witnesses the consummation of the people's triumph over the combined forces, marshalled and led on by Clay, Webster, and Calhoun.

By Capt. B. Whipple, 1st Vice President. Martin Van Buren—He is pledged to maintain the principles and pursue the policy of his immediate predecessor. He will redeem this pledge, and eight years hence, like his illustrious exemplar, retire from office with the approbation of his own conscience, and covered with the blessings of a grateful country.

By Mr John Gregory, 2d Vice President. Massachusetts—In her single blessedness may she be expunged, till she can be betrothed to the union and her influence, and her laws be for the benefit of the poor as well as the rich.

Wm. Sawyer, 3d Vice President, having been called on, prefaced his sentiment with some interesting observations on the character of Roger Williams. He remarked that he considered it appropriate on occcasions like the present to revive recollections of the early friends of American Liberty. He knew of none more worthy of remembrance than Roger Williams, the founder of Rhode Island. He alluded to his zeal and perseverance in maintaining doctrines, which, though in his day deemed heretical, were now becoming orthodox—his arguments against the union of church and state—his banishment—and his establishment of a Commonwealth in the unmixed forms of pure Democracy. He concluded by offering as a sentiment—

When the lingering relics of aristocracy and hierarchy shall be swept away, a grateful people will place the name of Roger Williams high on the list of the friends of equal rights.

By John Locke, 4th Vice President. The Democratic Republicans of Massachusetts—Let union be their motto—May their united exertions in November next, elevate them to that standing and power, which they possessed in 1825, when the patriotic Eustis guided the helm, but which power they lost, (like Sampson of old) by amalgamating with the crafty Federal Philistines.

After several volunteer sentiments had been given, the following communications received by the Secretary of the Committee of Arrangements, were read—

Boston, March 3d, 1837.

Dear Sir—I have had the honor to receive the invitation of "the Committee of Arrangements for celebrating the 4th of March at Charlestown, to attend a supper, to be given by the Democrats of that Town." I beg the Committee to accept my acknowledgments for this mark of respect, and to be assured, it would give me great pleasure to be present on an occasion so justly deserving the gratulations of all Republicans. But, I regret to say, my engagements are such, as will necessarily preclude my attendance. As I cannot have the pleasure to participate in the festivities of the occasion, the Committee may, if they please, offer to the company in my name, the following sentiment—

Good Omens for the Stability of the Republic—Learning, integrity, and sound Republicanism in the Executive and Judicial Departments of the National Government.

With great respect, I am,
Dear Sir, your ob't servant,
L. M. PARKER.

Mr J. A. Stevens, Sec., &c.

Dorchester, Feb. 28, 1837.

Sir:—I have received through you, with great satisfaction, an invitation from the Committee of Arrangements, to attend a supper to be given by the Charlestown Democrats, on the coming 4th of March, for which I desire you to accept my sincere acknowledgements—and be pleased to assure the gentlemen of the committee, that I most highly appreciate their kindness.

The eyes of all democrats are upon their brethren of Charlestown—as those who maintain the true faith, in a fearless, purity, and disinterestedness of spirit, rarely equalled, and never surpassed; and whilst a prior engagement prevents my personal presence at your festival, yet I shall assuredly be with you in heart and in sentiment. Allow me to congratulate you on two events which must give a high relish to your celebration—the triumph of your principles in your own municipal circle, and in the nation, by the elevation of the democratic son of New York to the Presidency. Indulge me in conclusion, in the following sentiment:—

"The Democrats of Charlestown—Their principles would be a safe basis for the administration, whose commencement we this night celebrate."

With great respect, I am, &c.
ABEL CUSHING.

J. A. Stevens, Esq.
Secretary of the Committee of Arrangements.

Marblehead, March 4, 1837.

Dear Sir—I intended, as I told you in Boston, to join with our friends in Charlestown, in the celebration of the 4th of March. But when I returned I found two of the boards of town officers, to which I belong, had assigned today to prepare their accounts previous to our annual town meeting. It will therefore be impossible for me to attend. I send this excuse to you, because I had calculated to attend until last night, and I knew of no way I could communicate with Mr Stevens, before the time assigned for the supper. You may propose for me, if you please, the following sentiment—

"Democracy, the cause of right—Its course is onward, until monopoly, fraud and injustice shall be done away, and every one shall enjoy the fruit of his own industry."

Yours, FREDERICK ROBINSON.

By T. A. Delano, Toast-master. The Republic of Texes—May Uncle Sam soon adopt her as one of his own family.

By J. A. Worcester, Chief Marshal. Charles G. Greene, Esq—The able sentinel on our Watch Tower: ever at his important *Post* and doing his duty.

By Col. A. Goodridge, Chairman of the Committee of Arrangements. Patriotism without selfishness—Federalism without hypocrisy, Republicanism triumphant.

By Joseph F. Boyd. Democracy—Something modern whigs can't understand, nor practice, nor counterfeit.

By John Colburne. The twenty six daughters of Uncle Sam—They have received their marriage portion, and like the confirmed old maid refuse to leave the old man's house, declaring that Union is her motto—but wait another year.

By Dexter Bowman. The Expunging Resolutions—As brilliant and triumphant a close to Gen. Jackson's civil, as the battle of New Orleans was to his military career.

By Samuel Poor. Van Buren and Johnson—the laurels of a grateful people are this day placed on their heads; may they ever prove worthy of so high an honor.

By Wm. H. Bacon. Richard M. Johnson—Faithful to the public—faithful to the party: he richly merits the praise of the former and the support of the latter.

By A. Munroe. Andrew Jackson and Martin Van Buren—May the resplendence of the administration of the former, guide that of the latter to equally merited fame.

By John Wright. Pure Republicanism—Unadulterated by hypocritical amalgamation.

By Dr John Stevens. The Republicans of Massachusetts—May they revere those principles their fathers fought and bled to obtain, and transmit the same unsullied to the latest posterity.

By Robert Rantoul, Jr.—The brightest glories of the North and South, Charlestown and New Orleans—The first great battle of the war of the Revolution, the last great battle in the second war of Independence. As long as Bunker Hill shall stand, or the Mississippi roll on with the waters of a Continent, the names of Warren and Jackson shall be watchwords in the armies of Liberty.

By R. Frothingham, Jr. The Old Bay State of Massachusetts—Now reposing in "Solitary Grandeur." As she feels the touch of the "Magician's" wand, may she start like a giant from his slumbers, and hurl whiggism to the "tomb of the Capulets."

By James K. Frothingham. Martin Van Buren—Though he may have considered it "glory enough" to have served under Andrew Jackson, yet may he enjoy the superior glory of navigating the great national ship as successfully as its late commander.

By S. C. Allen, Jr. The Town of Charlestown—At the cannon's mouth in 1775 she asserted the rights of the people, at the ballot box in 1836 she maintained the same rights.

After the President of the day had retired, Benjamin Whipple, Esq. gave the following sentiment, which was received with great applause:—

Charles Thompson, Esq., the President of the Day.—A gentleman distinguished for urbanity of manners and sound democratic principles; he will honor any station which his fellow-citizens may confer upon him.

By J. A. Stevens. Martin Van Buren—The key stone of our liberties, he has this day taken his true position in the triumphant arch of Democracy.

Besides this "feast of reason," the company was favored with several appropriate songs; these were excuted with much taste, and were received with great approbation. After an evening thus spent in a social and happy manner, at an early hour it was unanimously voted to adjourn.

The order and decorum which prevailed throughout, was peculiarly gratifying. Never was a celebration conducted with more propriety—never was joy more manifest—and long will the democrats of Charlestown bear in remembrance the Inauguration of Martin Van Buren and Richard M. Johnson. Many of the old and staunch Republicans, who, of late, have acted with the whig party, took this occasion to announce their adherence to the present administration. These were cordially received.

May the effects of this Celebration prove as beneficial to the democracy of Charlestown, as its proceedings were agreeable to those who engaged in its festivities.

The Boston Collectorship.—At a meeting of the democratic members of the Legislature, held at Concert Hall, on the evening of the third of January last, it was

Voted, That the democratic County Committee, for Suffolk, be invited to take seats in the Conventions which may be held by the republican members of the Legislature, during the session of the General Court, and to take part in the proceedings.

It was also voted that the Secretary, Addison Gilbert, Esq., be instructed to transmit a copy of the above vote to the aforesaid Committee, which was done.

Immediately after the organization of the Legislature, Mr Robinson's friends were busy in urging his claims to the Collectorship upon the democratic members; but not meeting with the success which they probably anticipated, their efforts in his behalf appeared in a short time to slacken, and, it was rumoured that he was to be abandoned for Mr Foster. A recommendation of the latter gentleman was then prepared and received the signatures of sixty or more members. About this time a meeting of the State Committee was called, unquestionably for the purpose of acting upon the subject of the Boston Collectorship; but the proposition to take up the question of a similar appointment in another quarter of the Commonwealth being defeated, the opposition against such action in the Committee was so apparent that further efforts of the kind there, were abandoned.

After the result of the meeting of the State Committee had become known, a general convention of the members of the Legislature was talked of for the purpose of selecting by ballot, a candidate for the office. Meanwhile, it is said—we cannot positively affirm it as a fact, although subsequent events go far to corroborate it—that a meeting of those who had signed the paper recommending Mr Foster, was held at the Exchange Coffee House to decide what course they should pursue in Convention, in case one was held. At this meeting nearly one half of those present declared a determination to bolt from Mr Foster and vote for some other individual.

At the first meeting of the members of the Legislature, a Committee was chosen for the purpose of calling subsequent meetings whenever they should think proper. This committee held a consultation, and decided to call a meeting without specifying the object, to be held on the 22d of February. A notice to that effect was accordingly prepared and put into the hands of the printers. After the notice had been sent to the offices of the Advocate and Post, Mr Cushing, a member of the Committee, called upon Mr Turner, the member who prepared the notices, and said that they must be altered—that *the Suffolk County Committee must be excluded.* Mr Turner yielded—it was done—and the following notice was published on the 20th of February.

NOTICE.—The Democratic members of the Legislature are requested to meet at the Old Common Council Room, Court Square, on WEDNESDAY EVENING next, at seven o'clock.

A general and punctual attendance is requested—(a meeting for members only.) Per order of the Committee.

In compliance with this notice the convention was held. The Suffolk Committee did not take their seats in it, but many of the members of the Committee were in attendance, awaiting the action of those who were embraced in the call upon the question of their being entitled to participate in the proceedings. The subject was immediately introduced by a motion to re-consider the vote passed on the 3d of January, and quoted at the head of this article, and about two hours were devoted to its discussion. Messrs Mansur, Thompson, Turner and others, opposing the re consideration, and Messrs Cushing, Whitmarsh, and others advocating it. The question was finally decided in favor of re-considering, and consequently of excluding Boston from any participation in the proceedings. And this, too, when the main business of the Convention was to designate a candidate for a local office in Boston, in the proper filling of which Boston was more immediately interested than any other portion of the Commonwealth, and whose three thousand democratic voters were thus denied a representation in a convention of their brethren.

The proposition to ballot for a candidate for the Collectorship was immediately made. Objections were offered to this proceeding, on the ground that it was a local question, and not a proper subject for the action of the members of the Legislature, as such; and further, that no vacancy existed, &c. In reply, it was contended that it was the special duty of the democratic members to act in this and all similar cases, and Mr Cushing thought that if no vacancy existed one could be created. The Convention finally proceeded to ballot for a candidate. Mr Mr Robinson received 68 votes, Wm. Foster 29, Mr Rantoul 22, P. L. Hall 30, J. K. Simpson 6, L. M. Parker 4, E. Case 1, John Mills 1—total 161. The Convention then adjourned to the 28th of February. It again met, agreeably to adjournment, and proceeded to ballot a second time for a candidate for Collector, and the result was as follows:—For Robinson 85, Rantoul 19, Hall 22, Simpson 6—whole number 132. Resolutions were then offered by Col. Edwards, declaring that the Convention *unanimously* recommended Mr Robinson for the appointment, &c. These were strenuously opposed on the ground of their incorrectness in point of fact; it being evident that it was not the unanimous wish of the Convention that he should be appointed. It was further alleged that many of the members disappproved of the whole proceedings, and that that was the reason of the smallness of the number present in comparison with the whole number of the democratic members of the Legislature—the number present being one hundred and thirty-two, while the whole number was not less than two hundred and eighty. The word unanimous was finally stricken out, and the resolutions, thus amended, were adopted. The Convention then adjourned.

This we believe to be a fair and impartial history of the proceeding; and we hazard little in saying, that it has failed to give satisfaction to the party generally. It is objected, that the selection of candidates for local offices, to be filled by the President and Senate of the United States, does not come within the province of *members of the Legislature as such.* They are not elected by their constituentsfor any such purpose, and their assumption of power to act in the manner they have, *by virtue of their office*, is held by many to be improper and anti-republican.

The members of the Legislature fall far short of representing the *whole party;* and the true voice of the party can only be expressed through a convention in which it is fully and faithfully represented. The assumption of undelegated power by the members of the Legislature has been before complained of, and strong remonstrances offered against their acting upon nominations for local offices, in the name of the whole party, without consulting their constituents or receiving their instructions.

If it be said that they did not act in their legislative capacity, but as delegates from the democrats of their respective towns to a democratic State Convention, then it will be asked, *why they excluded delegates from the democrats of Boston and other towns, who were not represented in the Legislature?* Why was the additional clause—"*a meeting for members only*"—appended to the call? No, it was not a general State Convention, where the whole party was represented. It was a meeting of the "*members only*"—who do not represent the whole party. Nor was it a meeting of *all* the democratic members. Imperfectly as *all* of them would have represented the whole party, this was a meeting of *less than half* of their number; and Mr Robinson's nomination was made by a little more than *half* of those.

It was not *intended* for a general and fair convention which should represent the whole party. Mr Cushing, in his speech on the occasion, contended that *the members of the Legislature alone* were entitled to act as the representatives of the party, and that individuals chosen by the party as delegates to act with the members, could not be safely relied upon as its true representatives. Thus excluding the three thousand democrats of Boston from any voice in the decisions of the party, because they are a minority of the voters of the city and cannot elect one of their number a member of the Legislature! And the same disfranchisement applies to every town in the State where the democrats do not compose an absolute majority. This is a new and startling doctrine, and one which we do not believe the democrats of Massachusetts will subscribe to. But it answered the Speaker's purpose for the time, and upon this ground, we presume, were the Suffolk County Committee excluded.

We have none but the most friendly feelings towards Mr Robinson, and would be the last to detract from his merits. He has rendered valuable service to the cause of democracy in and out of the Legislature,—yet we do not consider his qualifications for the office of Collector so good as many other members of the party,—nor do we think his appointment would be a popular one, nor one that would have a tendency to heal those differences which certain individuals affect to lament, yet strive to increase. He is a lawyer by profession, and has for some years held the office of Postmaster at Marblehead. The discharge of neither his professional nor official duties could afford him much of that mercantile information which is usually deemed indispensable in a Collector of the Customs at a port of entry like that of Boston and Charlestown. The Advocate, however, assigns to him three qualifications for this station which are rather novel, and which we suspect Mr R. will not claim for himself, viz:

1st. The defeat of the project for the ten million bank.

We never before heard the defeat of that project ascribed to Mr Robinson by friend or foe. The Speaker was in the act of putting the vote on its passage, when Mr Rantoul opened the opposition to it in a three hours speech. The House had become too much fatigued to listen to any speaker on the other side when Mr Rantoul closed, on the part of the opposition, in his *third* speech upon the question, in which he reviewed all the arguments of the friends of the bank. Neither Mr Robinson himself, nor any other man for him, ever imagined that *he* defeated the bank. The brunt of that battle fell upon Mr Rantoul.

2d. His attacks upon the law craft.

It is true that Mr Robinson has labored to break down the law monopoly; but *all* the alterations relative to the bar, except one, were made upon the report of a committee of which Mr Rantoul was chairman,—and the excepted one was moved by Mr Foster, of Brimfield, a whig.

3d. He prevented the lawyers from making a job out of the Revised Statutes.

If so, he did a good thing as far as it went. But where was Mr Robinson when the chapter concerning salaries passed through the Legislature? He was not heard from then—and what chapter furnished better opportunities for retrenchment than the pay of the Commissioners?

But we are not disposed to follow up this subject. We coincide with the Lowell Advertiser in the opinion that the energies of the party should be directed to the advancement of its principles and the defeat of its enemies, and not wasted in disputes about candidates for, or incumbents of, executive offices.

If a few prominent men in our legislature and out of it, had bent half the energy against the whigs, for the last two years, that they have employed in creating an excitement against the democracy of Boston, they would have done a much better service to the cause they so loudly profess to have espoused. And we would just ask those who are continually proclaiming their desire for *union*, if they suppose they best promote that object by constantly slandering and denouncing many of the oldest, and firmest democrats in this or any state? This question is not idly put. There is too much ground for it,—and we take this opportunity to say to our country friends, that many of them have been deceived and imposed upon, in relation to their brethren in Boston, by interested and unprincipled men. Men whose ambition is inordinate, and who are not willing to trust to the fair and honorable competition of talents and services for its gratification, but resort to the meanest intrigues, and the most disgraceful falsehoods. We know that the great body of our friends in the legislature act from pure motives, and wish to do what is right. To such the democrats of Boston appeal for justice,—for a just and equal voice in political affairs—and for an opportunity to defend themselves, when they are slandered and misrepresented.

☞ *The Advocate* is as regardless of truth in its asserions as it is of common decency. The snarling whelp under whose temporary control that paper has been placed during the absence of its proper editor, curled himself up on his master's footstool the moment he was out of sight, and has done nothing but growl at every one who has come within his sight since.

Correspondence of the Journal of Commerce.

Washington, March 7th, 1837.

The ex-President (General Jackson) left this city for his residence in Tennessee, this morning, by way of Baltimore. He took the nine o'clock train, and was accomied to the cars, by a large concourse of leave-taking friends. His travelling carriage and horses were with him; and, after spending the day and the night in Baltimore, as the guest of Chief Justice Taney, he will go by the railroad as far as Ellicott's Mills, where he will take his carriage. He will be accompanied on his journey by Major Donelson, who came on for that purpose. I saw the old gentleman sitting composedly in the car, smoking his long pipe, and now and then shaking hands with, or bowing to, his friends among the by-standers.

The nominations were not sent to the Senate yesterday. They were to be sent in to-day.

George M. Dallas was to be nominated minister to Russia. No immediate change will be made in the Cabinet.

The same Judges of the Circuit Court, whose nominations were made by President Jackson, but not acted on, will be re-nominated to-day, viz: Messrs Smith of Ala., and Catron, of Tennessee. The nomination of Mr Labranche, as minister to Texas also fell to the ground, in consequence of its not having been acted on.

☞ The N. Y. Courier says that Mr Poinsett has been nominated by the President for the office of Secretary of War, Mr Dallas as Minister to Russia, and Powhattan Ellis as Minister to Mexico.

The London *Morning Chronicle*, in commenting on President Jackson's last Annual Message to Congress, discourses thus—

"There is much in this document that deserves public attention at this period, as well in our own country, as in America. It is not without reason, that the President inveighs against the abuse of *banking* in the United States; but the lesson is perhaps as much needed here. We have once and again, felt the expansion and depression, which the President so circumstantially describes, and are beginning to think with him, that the value and stability of property, ought not "to stand exposed to all the uncertainty, which attends the administration of institutions, that are constantly liable to the temptation of an interest, distinct from the community in which they are established"

Whether the Legislature of this country will have sufficient virtue to adopt an adequate remedy for the evil, remains to be seen.

At an unusual large town meeting, at Topsfield, the following democratic list of Town Officers were elected for 1837:—

Town Clerk—Jacob P. Towne.

Selectmen—B. C. Perkins, John Conant, Richard Phillips, Jr., E. S. Bixby and Wm. E. Kimball.

Assessors—Nath. Conant, Frederick Parley and John Hood.

Overseers of Poor—Joel Lake, C. B. Bradstreet and Nath. Perkins.

Treasurer—Joel Lake.

Hartford, March 9th, 1837.

Dear Sir:—A gentleman, apparently about thirty-five years of age, was this day found suspended by the neck in a barn of the Eagle tavern, in this city. He arrived last night in the stage from Worcester, and stopped at the Exchange Coffee House. From papers found upon his person, it is believed his name was Ezra Fuller, and that he belonged in Boston. Papers, bearing the names of Fuller & Murdock, were found upon him, with about $190 in money, and notes of value.

Lecture to Young Men.—This work will be published this day, by Light & Stearns, and Crocker & Brewster, of this city. We believe that a careful examination of its contents will convince every candid person that its tendency and influence cannot be otherwise than excellent. The recommendation of Dr. Woodward, and others, can scarcely fail to secure for it a measure of the public attention. X.

Municipal.—At a meeting of the Common Council on Thursday evening,—

The Council concurred in the order prohibiting sales by auction on the area of the City Hall.

Communication from the Board of Overseers of the Poor in answer to a communication from the City Council. Read and laid on the table.

Mr Gordon submitted the following resolution, which was adopted.

Whereas, the Overseers of the Poor, have by their vote intimated to the City Council their willingness to communicate with the Mayor on the subject of the funds held by their Board—

Therefore, Resolved—That the Mayor be requested to call on the Chairman of the Overseers of the Poor, to ascertain the amount of funds held by them in trust for the use of the Poor of the city—and how said funds are invested.

The Council took up the following order, offered by *Mr Grant* at the last meeting:—

Ordered, That the Committee on Public Instruction inquire into the expediency of establishing one or more intermediate schools for the instruction of such children as, being excluded from the primary schools by reason of age, and not being qualified to enter the grammar schools, are growing up in ignorance.

Mr Grant made some statements relative to the subject, and the order was then passed.

Ordered, That Messrs Snow, Chapman and Yeaton, with such as the Mayor and Aldermen may join, be a committee to consider and report if any, and what alterations shall be made in the ordinance relating to the interment of the dead.

Mr Dunham presented the petition of Joseph Harris, Jr. and others, praying the City Council to apply to the Legislature for an alteration of the second section of the city charter, so that the city may be divided into thirteen Wards, or that a new division may be made, and that South Boston may be a Ward by itself. Mr D. moved its reference to a committee of thirteen, one from each Ward and one from South Boston, to be joined by the Mayor and Aldermen. This motion was sustained, and Messrs Isaac Harris, Carruth, Battles, Grosvener, Greely, Waters, Hobart, Brooks, Williams, Tuttle, Vose, Dingley and Dunham were appointed on the part of the Council.

Ordered, That there be purchased for the use of the Ward officers, one copy of the Revised Statutes and Supplement, for each Ward in the city, to be the property of the city and to be kept by the Clerk with the records of the Ward; and that the expense be charged to the appropriation for incidental expenses and miscellaneous claims.

Distressing Accident.—Early on Saturday morning while Miss Rebecca Dow, a domestic in the family of Capt. Samuel T. Before assistance could be rendered, life was nearly extinct. Medical aid was called, but death relieved her of her sufferings in twelve hours.—*Dedham Patriot.*

REASONS OF PRESIDENT JACKSON FOR NOT ACTING DEFINITELY ON THE PILL ENTITLED "AN ACT DESIGNATING AND LIMITING THE FUNDS RECEIVABLE FOR THE REVENUES OF THE UNITED STATES."

The bill from the Senate, entitled "An act designating and limiting the funds receivable for the revenues of the United States," came to my hands yesterday at 2 o'oclock, P. M. On perusing it, I found its provisions so complex and uncertain, that I deemed it necessary to obtain the opinion of the Attorney General of the United States on several important questions, touching its construction and effect, before I could decide on the disposition to be made of it. The Attorney General took up the subject immediately, and his reply was reported to me this day, at 5 o'clock, P. M. As this officer, after a careful and laborious examination of the bill, and a distinct expression of his opinion on the points proposed to him, still came to the conclusion that the construction of the bill, should it become a law, would be yet a subject of much perplexity and doubt, (a view of the bill entirely coincident with my own,) and as I cannot think it proper, in a matter of such vital interest, and of such constant application, to approve a bill so liable to diversity of interpretation, and more especially as I have not had time, amid the duties constantly pressing on me, to give the subject that deliberate consideration which its importance demands, I am constrained to retain the bill, without acting definitely thereon; and to the end that my reasons for this step may be fully understood, I shall cause this paper, with the opinion of the Attorney General, and the bill in question, to be deposited in the Department of State.

For the Boston Morning Post.

Mr Editor—In the Advocate of yesterday, is an editorial article concerning the "Bark Extract Company," which shows the editor to have been grossly deceived with regard to that company. The article is not true in any part of it; therefore to answer it, I will only state what the objects of the company really are.

The company proposes to *furnish to tanners*, the pure tanning matter, which is contained in bark. This will be done, not by "boiling down the bark," but by extracting the tanning matter therefrom, and reducing it to a small compass.

It will be seen at once, that the main object to be attained by the company, is, the *diminution* of the *expense* of *transportation*. The company does *not* propose to tan leather; but to enable *tanners* to do so, at a less expense that is now incurred; and experiments have been made which prove incontestably, that they can do all they propose. Tanners have tried the article made by the company, and know from actual experiments made upon hides, that the article is not only equal to bark prepared in the usual way, but is far superior. It is also proved by chemical experiment, that there is *no waste* of bark; but on the contrary, that *more* tanning matter is obtained in the manner adopted by the company, than is obtained in the usual way. CERTIFICATES.

Scituate, March 12, 1836.

I was afflicted six years with Dispepsia. No physicians nor medicines gave me relief—I suffered much, and was reduced very low—a friend of mine recommended to me the Jelly of Pomegranate. I bought two bottles, and used one and two thirds of another, and I am entirely cured—it is now three months since, and have had no ill turn.

HANNAH LITCHFIELD.

Cohasset, March 13, 1836. My child, a girl six years old, was afflicted with a humor ever since two years of age, and it began to be very troublesome, principally on the head and face. I bought the Jelly Pomegranate and Salt Rheum Ointment, prepared by Dr Gordak, used it according to his directions, and in one week my child was cured—it is now six months since, and no humor has appeared again.

WM. BROWN.

Boston, Nov. 12, 1836. Two months before I applied to Dr Gordak, I was taken with a Cough, attended with a dull head ache—the cough kept growing worse—a shortness of breath appeared, and I kept losing flesh very fast—in short it was alarming. I applied to Dr Gordak—he gave me two kinds of medicine—the Jelly of Pomegranate, and Pulmonary Jelly—I took the medicine according to his directions, and received immediate relief—in the course of 14 days I was entirely cured.

NELSON F. ROBY.

Boston, Nov. 12, 1836. I was subject to canker in the stomach, throat and mouth about a year since—it troubled me very much—I was recommended to make use of the Jelly of Pomegranate and Pills, prepared by Dr Gordak. I used the medicine with astonishing success—in five or six days I was entirely cured, and ever since have been free of canker. I really think there is no medicine for canker equal to the Jelly Pomegranate.

ELIZABETH L. MERRITT.

Boston, July 4, 1836. Dr Gordak, Sir: I cannot help acknowledging my gratitude to you for the cure I received, in the use of your Jelly Pomegranate and Pills. My disease was a universal weakness—I was so low that I was unable to walk out of the house, and continued to grow weaker every day. I used your Jelly Pomegranate and Pills with such success, that in one week I was entirely cured.

JOHN BURNS.

Dorchester, Nov. 6, 1836. I have for several years been afflicted with a humor, which was very troublesome—about 6 months ago I was advised to call on Dr Gordak—he recommended to me the Jelly of Pomegranate and Salt Rheum Ointment, which I used according to his directions, and in a short time I was entirely cured, which I can fully testify.

TO THE PEOPLE OF THE UNITED STATES OF AMERICA.

AN account of that most excellent Medicine prepared at Dr Loveman's Gilead House. Price 50 cents per bottle. Sold by appointment in Boston, at D. S. ROWLAND'S, 188 Washington street, Boston.

"To administer to a mind diseased, pluck from the Memory a rooted Sorrow,
"Raze out the written troubles of the Brain, and with some sweet oblivious Antidote,
"Cleanse the foul Bosom of that perilous stuff which weighs upon the Heart."

Dr. LOVEMAN'S Balm of Gilead is universally acknowledged to be peculiarly efficacious in all inward wastings, loss of appetite, indigestion, depression of spirits, trembling or shaking of the hands or limbs, shortness of breath, and consumptive habits. It thins the blood, eases the most violent pain in the head and stomach, and promotes gentle perspiration. By the Medical Faculty this medicine is much admired being pleasant to the taste and smell, gently astringing the fibres of the stomach, and giving that proper tensity which a good digestion requires.

Dr Loveman's Balm of Gilead is recommended to the weak, the relaxed, and debilitated, as an agreeable and speedy restorative; and considered as a cordial, is essential to the comfort of ladies of fashion, being a preventive against cold, when taken before going out to parties, balls, routs or the play. It will enliven the spirits and invigorate the mind and body, and if taken after fatigue, it will with a few hours sleep, take away all languor consequent on broken rest, and give relief from every unpleasant sensation.

It is a most valuable remedy for such diseases as are attended with the following symptoms, namely—a great straitness of the breast, with difficulty of breathing—violent palpitations of the heart, sudden flasces of heat in various parts of the body—at other times a sense of cold, as if water was poured on them—flying pains in the arms and limbs, back and belly, resembling those occasioned by the gravel—the pulse very variable, sometimes uncommonly slow, at other times very quick—yawning, the hiccough, frequent sighing, and a sense of suffocation, as from a ball or lump in the throat—alternate fits of crying and convulsive laughing—the sleep unsound, and seldom refreshing, and the patient often troubled with horrid dreams. Much has been said by interested individuals against Medicines that are advertised, but there is a very important observation to be made respecting Dr Loveman's Balm of Gilead, that unless its operation was gentle safe and efficacious, it could not have obtained the unexampled demand it has acquired.

NERVOUS DEBILITY

"Without Health we can enjoy no Fortune;
Honors, Riches, and all other advantages are useless."

HIPPOCRATES.

This Cordial has been uncommonly successful with young people who have the appearance and air of old age, who are pale, effeminate, benumbed, stupid, and even imbecile; whose bodies are become bent, whose legs are no longer able to carry them, who have an utter distaste for every thing, and are totally incapacitated. Where the stomach is frequently disordered, the body is weakened; paleness, bodily decay and emaciation succeed, and the eyes sink into the head. The virtues of Dr Loveman's Balm of Gilead are demonstrated, in eradicating the worst and most dangerous symptoms of nervous debility, and nothing has tended so much to establish the fame of this medicine, as its certain success in those complaints which strike their roots so deep in the constitution, and are so fatal to the happiness of mankind.

Dr Loveman's Balm of Gilead has risen in repute with every trial of its efficacy. Some, perhaps, unacquainted with its virtues, not having perused the Guide to Health, may be induced to ask what is the Balm of Gilead good for? What complaint doth it cure?—To answer this it will be necessary to

"Hold the Mirror up to Nature."

Let those who are afflicted in the following manner reflect on the cause that produced such havoc upon the "wholesome appetites and powers of life:"—disordered stomach, dry cough, weakness in the voice hoarseness, shortness of breath upon the least exercise, and relaxation of the whole system. Those afflicted with paleness, languor of the eyes, weakness of sight or memory, should take time to consider Linnæus's advice, that "youth is the important period for forming a robust constitution," and that "nothing is to be dreaded so much as premature excess." The foundation of a happy old age is a good constitution in youth; temperance and moderation at that age are passports to happy grey hairs.

For such as have violated these precepts, then, this healing balm is suitable—complaints included in the vague appellation of Nervous and Consumptive, are those for which it is peculiarly adapted.

In offering this medicine to the public, I can say with confidence that they will find great benefit by using it in all diseases recommended, as I am fully acquainted with the medical qualities, as they have been discovered by myself, and are extracted from vegetables, and I can truly say, there is no earthly danger in using the medicine by any person, no matter how they may be afflicted. This medicine has been used by a large number of persons, and have been cured of diseases of a long standing, when all other medicines have failed. n23

THE TRUTH WILL PREVAIL.

CERTAIN DISEASES CURED.

Dr. Goodwill's Gonorrhœa and Gleet Detergent.

THE only infallible remedy ever discovered for Gonorrhœ and Gleets is now become too well known and established, in all parts of the Union, to require comment. Its universal success, which in no instance has ever failed, has warranted it to cure in forty-eight hours the most desperate and inflammatory cases of Gonorrhœa, Gleets, and whites in all their stages, strictures, Seminal Weaknesses, pains in the loins, irritation of the Uretura from Gravel, as well as chronic affections of the urinary bladder and kidneys, if ever so violent or of long standing. This safe and only infallible remedy is an agreeable liquid, and its effects long on the constitution, (being composed of Sarsaparilla and the choicest of preparations) that while it restores the system, its superiority over every other kind of medicine only requires a limited trial to know its efficacy. Every person that has made use of this medicine has been his own physician, and secrecy has been secured—having proved effectual in almost two thousand cases, and never to our knowledge failed in any instance. The vast and increasing sale from the recommendations of the highest medical characters, as well as those who have experienced its salubrious and beneficial effects, prove its great success and entire superiority over every other medicine, in being the most effectual remedy ever discovered for the cure of the above diseases, giving—muscular strength, energy and vigorous health to the whole frame. The most delicate females may take it with perfect safety. Dr Goodwill's Detergent is a safe, certain and speedy cure for the above diseases, from the most recent to the most protracted cases. It is taken without any risk, inconvenience, or suspension from business. See that your case is eradicated, not patched up by quack doctors or quack medicines. Those who make use of one single bottle may be convinced of the easy method of being cured. The "motto" of this medicine, "let every person be their own physician with secrecy." It will prevent the occurrence of the disease in persons, male or female, of the most fastidious delicacy, and is a real blessing to human kind. It ought always to be on hand.

N. B. A word to the wise.—Take no medicine but the above, and keep away from the quack Doctors, whose names appear in every public print, and then you take no mercury and save your constitution.

"We have much pleasure in bearing testimony to this safe and efficacious Medicine: we do this on grounds of strict impartiality, knowing several friends who have been cured by it. A fact that we know.

For sale by appointment at 183 Washington street, opposite the Marlboro' Hotel. A. Underhill, 38 Beekman st. New York. Jones & Hutchingson, corner of 7th and Chesnut sts, Philadelphia. Price 50 cents per bottle. n23

☞ TO THE PUBLIC.—Anacreon, the prince of ancient poets, the lover and the eulogist of the ladies, never forgot, in his odes, to mention of the teeth of pearl.

Ovid never for one moment lost sight of the "balmy breath" of his ladies, and his earnest recommendation to both sexes was ever to "keep your teeth clean, and your breath sweet." The ancients had the means of doing so. Anacreon's beauties were as noted for their flowing zones and their eyes of fire, as for their teeth of pearl and their breath of balm.

Ovid, who has taught us how to love and be loved, laid more stress upon the teeth and breath, than any other point—and verily these precepts are worthy of our practice.

How many matches have been broken off—how many *amantes* separated—how much misery caused by the single fault of a bad breath.

I once heard a lady sing, and most divinely. Her voice was clear, full and melodious, her tones superb, but the air beyond endurance.

Who does not wish to have this defect remedied? What lady does not wish to be blessed with the "teeth of pearl and the balmy breath," so noted by the divine Anacreon? What gentleman does not wish to be in every wish agreeable to the ladies?

THE REMEDY IS IN YOUR OWN HANDS—Dr Palmer's Diman Pearl Tooth Powder and Brushes is offered as a remedy whose effects are as certain as they are delightful.—This excellent tooth powder is not the invention of the present day. It has not been confined to modern times, and Dr Palmer has had the happiness of restoring, in its purity, the long lost article which was in such vogue in the days of yore. It is offered with the fullest confidence as to its merits, to which thousands who have used it can testify, and should any lady or gentleman who, by misfortune, have been afflicted with noisome breath or bad teeth, make one trial of its virtues, and not feel perfectly satisfied of its efficacy, then "Othello's occupation's gone."

The Diman Pearl Tooth Powder and Brushes is no modern quackery. It requires no puffing, no paragraphing, to render it uses as general as its effects are delightful. The ingredients are of a nature which cannot injure, and must beautify the teeth and sweeten the breath. The certificates of many of the ablest medical practitioners of this country will testify to the fact, and the innumerable recommendatory letters, from ladies and gentlemen who have used it are sufficient guarantees for its worth.
